Evangelism/Alpha reports

Alpha Course

This is one form of Evangelism in this church. I am going to talk about what we did last year, what we are looking to do in the future and the prayer needs for Evangelism as a whole.

Before I go further, I like to acknowledge the last year's Alpha team members. These are in no particular order Sheila, Lulu, Shaun, Tony, Mary, Lerena, Tommy & Claudia

What we did last year: Last year we organised and completed one Alpha Course between 30 April and 21 July 2008. It was scheduled at this period to give Stephen who gave his life to Christ the previous year the opportunity to participate in running Alpha course. Stephen Left the church at the end of July for his teacher's training course. It was well attended. There about fifteen people in attendance including leaders and helpers. Majority were believers who needed further grounding in their knowledge.

It is incomplete to talk about Alpha Course without mentioning the food. We enjoyed varieties of choice of food. We were blessed by the involvement of Tommy who introduced Neigha and two other guests. Neigha cooked Italian dishes for couple of weeks. The food for the rest of the period was cooked by Tommy. We thank God for Claudia's deserts most of the evening.

What we plan to do this year: This year we have had Alpha course reunion dinner. We have not planned for another course yet for this year. Because we have always spent time and energy running Alpha course for little result numerically in the previous years we want to consider new ways of running the course in the future.

It is not likely that Sheila will be joining us in the running of this year's course because of her other commitment and I just want to use this opportunity to say a big thank you to her for all her contribution to the team for since we started Alpha course. Sheila will be missed.

Our Prayer Points/Requests:

- ❖ Pray for the planning of this year's programme
- ❖ Pray for adequate volunteers and guests in this year's course
- ❖ Pray for God inspired new way of running the course in the future
- ❖ Thank God for Sheila and her contribution to Alpha course
